Frontier Romance In 'Gunga Din' Epic

Contrary to first impressions regarding "Gunga Din" as being a story of steel and bullets, is the fact that it carries in its interesting story a beautiful romance.

A romance that blossoms in the shadow of ominous threats of religious uprisings in the land of golden dome temples threads a danger-filled course through the vivid story of "Gunga Din," picture version of the Rudyard Kipling ballad, which stars Cary Grant, Victor McLaglen and Douglas Fairbanks Jr., in one of the year's most colorful screen entertainments.

"Gunga Din" will be screened at the Sequoia Theater this Sunday, Monday and Tuesday.

The three stars are seen as reckless sergeants in a British army outpost near the famous Khyber Pass, a scene of unrest and hatred as a band of religious fanatics, known as Thugs, frenziedly pursue a reign of terror and murder according to their secret rites.

Joan Fontaine is cast as the daughter of a tea company official stationed in the heart of the affected area. Her romance with one of the hard-bitten non-com officers, Fairbanks, follows a turbulent course, conflicting as it does with the sworn friendship of the three sergeants, and shadowed by the constant danger to which Fairbanks is subjected.

Sam Jaffe, of "Lost Horizon" fame, plays the native water carrier immortalized in the Kipling poem.

ADVENTURE and COMEDY at REDWOOD

Dick Foran and Gloria Dickson head the cast of "Heart of the North," a Technicolor epic of the adventures of the Canadian Mounties, coming to the Redwood Theater for two days startings Sunday. On the same program is Joe E. Brown in his funniest role, "Flirting With Fate," with Leo Carrillo and Beverly Roberts.

Car Crash Brings Motorist's Arrest

Leo Quinn, Menlo Park carpenter was arraigned Tuesday before Judge Edward I. McAuliffe, on charges of driving while drunk as the result of an automobile accident in Menlo Park the day before. Two passengers in Quinn's car were injured.

According to the State Highway Patrol report, Quinn drove at a high rate of speed on Santa Cruz Ave. and failed to make the turn into Avy St. The coupe crashed into a fence after skidding 66 feet, throwing out Quinn's two passengers. They were Mrs. Emily Ravizzo, 44, of the Sharon Estate, Menlo Park, who was painfully cut and bruised by barbed wire and glass, and Jack Quinn, 28, brother of the driver, cut by glass.

Mrs. Ravizzo was taken to Palo Alto Hospital. Quinn was treated at a physician's office. Constable F. B. Grill arrested the driver.

Larry McBride, jewelry salesman, was given one week to plead to grand theft charges in superior court. Judge McNutt appointed Atty. Harry Sullivan to defend McBride.

Gideons Describe Bible-Placing Work

A dozen Gideons, members of the society which places Bibles in hotel rooms, hospitals, penal institutions and other public places, conducted the service at the First Methodist Church Sunday, telling of the formation of the organization in 1899 by three traveling men and of its growth until now it has placed a million and a half Bibles throughout the world.

The organization now is placing Bibles on the desks of public school teachers in large cities. Members of the international, interdenominational group are business and traveling men interested in the spread of Christianity. Those present at the church told of their personal experiences and of those of several outstanding figures who have been converted through the Gideon Bible.

Conservation Week Observance Planned

In conformity with a resolution adopted by the board of supervisors, Fire Warden Bert L. Werder today was completing arrangements for observance of the fifth annual California Conservation Week, Mar. 7-14. Werder and F. D. Klyver, San Mateo Junior College, have been appointed on the observance committee.

The board called on schools, churches, civic organizations and service groups to co-operate with federal, state, county and city officials charged with the responsibility of administering and protecting the resources of San Mateo County not only in the observance of Conservation Week but throughout the year.

Organization of conservation committees has been completed in 56 counties. The program will include several exhibits and programs at Treasure Island.

For the past three years, Gary Cooper has maintained his position in Japan as the most popular movie star.

Redwood City Shop Handles Millinery

If you Redwood City ladies are already in the market for a new Easter bonnet, an added shopping opportunity is offered now right here in your own home town.

The Little Shop has opened a millinery department under the direction of Irene Pym, who has had considerable experience in the East handling this end of a woman's wardrobe. Latest spring models are arriving for the local store's stock now.

Daylight Burglar Sentenced to Prison

Ralph McDaniel, 34-year-old transient who admitted stealing more than $300 in cash and checks in a daring daylight burglary in Redwood City Dec. 8, Monday was sentenced to 1 to 10 years in San Quentin prison by Judge Maxwell McNutt. McDaniel was apprehended as he left the Standard Oil Co. plant with a money sack, and was caught by police who had been summoned by radio.

Hearne Fetes Anniversary

Hearne's Department Store, 2209-11 Broadway, Wednesday opened to the public its Eleventh Anniversary Sales Campaign, which will continue throughout March.

Owner James P. Hearne, who lives at 29 Finger Ave., started business in Redwood City in March, 1927, at 36 Broadway. He operated his dry goods business there for a year and a half and then moved to the present location.

"Manufacturers are co-operating with us during this month-long sale to make it possible," Hearne said. A complete line of women's ready to wear, dry goods, draperies and men's furnishings is carried by the store.

Out of 600 members of the 1939 Smith's Winter Visitor Club at St. Petersburg, Fla., 229 were named John Smith.

The eclipse of the sun on June 8, 1937, was the longest total solar eclipse in 600 years.

Natural down used in pillows is the soft undercoating of adult water-fowl which is found next to the skin beneath the ordinary feathers.

VIENNA (AP)—When fire broke out in a brewery at Naabeck, firemen found the water hydrants frozen and put out the blaze with beer.

County Aides Name Officers

Officers were elected and a group insurance plan approved by San Mateo County employes when they met in the courthouse Monday night.

Al Bullivant of the controller's office was re-elected president; William Williamson of the engineer's office, elected vice president; William Mitchell of the County manager's office, re-elected secretary; John J. Garland, milk inspector, re-elected treasurer. New directors named were Hilda Schneider, Oliver Hobson, George Miller, William H. Girvin, who will serve with Holdover Directors Ronald L. Campbell and John McGorry.

The group insurance plan, to be taken with Aetna and providing for $1000 life insurance and a weekly health and accident benefit of an amount depending on the employe's salary, had been recommended by a committee composed of Girvin, Mrs. Mona Christensen and Mrs. Inez Deem.

Having won approval of the employes, the plan now goes before County Manager Frederick Peterson for his approval, which, if given, will send the plan to the board of supervisors for final acceptance. The board must approve payment of a percentage of the life insurance policies.

The new plan replaces one in effect since 1935 which had been canceled by the Occidental Life Insurance Co., President Bullivant explained. Seventy-five per cent of the employes must agree to take the insurance before it becomes effective.

Madison County, N. C., started a campaign in 1939 to replace every unnecessary dog with one brood sow and one ewe.

Long Drought BalksPlantings

Sub-normal rainfall conditions which have spread alarm among California agriculturalists have created a threatening condition in San Mateo County, it was disclosed Monday by the county agricultural department.

Planting of sugar beets and peas has been slowed by lack of moisture, and in some areas farmers are irrigating months in advance of normal.

The need for rain has been felt throughout the county, it was stated, and while no serious damage has resulted to date, continued drought would bring serious consequences.

In Redwood City the 1937-38 season has produced only 8.36 inches of rain, compared to 18.78 last season to date. None of the local weather recording agencies has set up a "normal" figure for purposes of comparison.

In Japan, suicide is recognized as the most acceptable means of meeting responsibilities, atoning for mistakes, or satisfying the claims of honor.

THE FIRST $500 IS THE HARDEST—WE HOPE

REDWOOD CITY, CALIF. March 1st 1939
PAY TO THE ORDER OF R. C. Recreation Dept. Community Center Building Fund $ 500.00
DOLLARS
Five Hundred Dollars and no Cents
CITIZENS OF REDWOOD CITY
By Alfred Morton

Maybe it is because the first $500 is the hardest that Recreation Director Alfred Morton chose to make a ceremony out of turning over the first money from his city recreation department to the building fund for a recreation or community center. Anyhow, Morton Monday presented to the Redwood City City Council, through Mayor Louis C. Christensen, this check, representing a start on the financing of the much-discussed center. With $370 more which Morton hopes to build up to $500 soon, the sum represents proceeds of the Redwood City Queen Contest and Whiskerino. Yes, the check is post-dated, but there was a reason or two. Morton originally didn't expect the council to meet until next Monday. And when he sent the check to the engraver's last week to have the newspaper "cut" made, he didn't want to risk having the check lost and perhaps found by a dishonest person and cashed.

The largest refrigerating plant in the world is in Argentina, serving the frozen meat industry.

There was only one failure of a national bank in the year ending Oct. 31, 1938.

The Panama canal shortens the distance between New York and San Francisco by 8400 miles.

Ex-Patrolman Freed, Then Booked Again

Robert Lee Sheldon, 40, former inspector for the State Highway Patrol, completed a 30-day term in the county jail only to be rebooked on a complaint signed by his sister, Mrs. Margaret Irene Finn, Daly City, Saturday. The new complaint charges him with three counts based on a former conviction to the state narcotics hospital at Spadra: (1) violation of parole, (2) failure to report to the parole officer, and (3) the assault on his sister which led to his incarceration Jan. 26 on a battery charge.

If you want to keep it a secret, don't put it in the Want Ads.

Woodside Fire Damages Home

WOODSIDE, Feb. 27—Fire during the noon hour Sunday threatened the main residence on the old Why Worry Farm, property of the William P. Roths, on Summit Rd., Woodside.

The caretakers, Mr. and Mrs. J. Canavese, discovered the blaze, which apparently had started from an over-heated stove pipe in the kitchen.

The Woodside Fire Department directed by Chief John Volpiano extinguished the flames before more than nominal damage was done to the walls of the room.

Clothing Needed For Relief Home Inmates

Benjamin G. Kost, superintendent of the San Mateo County Relief Home, has issued an appeal through County Executive Frederick Peterson for clothing for the inmates of the institution. Kost said the clothing provided by the county is not adequate. He asked especially for sweaters for both men and women, and other discarded items of clothing that might be used. The clothing should be delivered direct to the relief home, according to Peterson.

Load of 2x4s Left at Port

Making its first visit to the Port of Redwood City, the lumber ship Willapa of the Hartwood Lumber Co. was unloading 350,000 feet of lumber at the local harbor Wednesday.

Unusual was the fact that all the lumber was in 2x4s. There were only two lengths of the lumber also—8 feet and 16 feet. The cargo was brought here from Coos Bay.

Kentucky's highest court, the court of appeals, hands down more than 600 opinions annually.

MENLO PARK NEWS NOTES

FOUNDERS' WEEK PLANS

MENLO PARK, Mar. 3—Chairman Oscar Olson and his committees are hard at work preparing for Founders' Week to start on Mar. 20 and continue to Mar. 26. An appropriate program is being prepared. Proceedings will start Monday evening, Mar. 20 with a banquet for old timers who have resided in Menlo Park 60 years or more. There will be parades and entertainments during the week, to conclude with a big demonstration on Saturday night. It is to be a gala week.

Menlo Park was incorporated in 1874, and owing to a heated election was disorganized in July of the same year.

Each organization in town is to select a candidate for judge and sheriff to act during the pageant. The Menlo Historical Society on last Friday evening selected D. E. O'Keefe as judge and Patrick Kearney, sheriff. The final selections are to be made after all the societies have named their respective candidates.

Mrs. Hannah Wisnom, wife of John Wisnom, the retired capitalist, passed away at her home in Hillsborough Tuesday. Mrs. Wisnom was raised in Menlo Park and as Miss Hannah Flannagan was a beautiful belle, admired and popular with the younger set.

After leaving here she married Mr. Brown, the blacksmith of San Mateo, and they had two sons and two daughters. One of the sons is an executive of one of the largest commercial firms in Michigan, earning a princely salary. Mrs. Mayfield, a sister of the deceased, has been residing at the home of Mrs. Wisnom for the past two years.

Edward O'Keefe has eliminated his hirsuite adornments and once again has a smooth puss. His "lovely" whiskers were the admiration of his numerous girl friends.

The first picnic of the season at the Menlo Park Hotel Gardens will be on Apr. 30. Some holidays and every Sunday have been booked up to Oct. 1. The grounds are being cleaned and prepared for the big crowds that will be here all Summer.

Joseph Bagley, for several years gateman at the Oak Grove Ave. railroad crossing, has gone to San Francisco for hospitalization, not having felt well for some time. Mr. Bagley may not return to his Menlo Park position.

E. M. Rankin, the real estate broker, has commenced the construction of a two-story apartment house on his recently acquired property between College and Middle Aves. on the highway. A portion of the lower story will be used as Mr. Rankin's office. Mr. Rankin enjoys a thriving real estate business.

Thomas Maloney, whose life was despaired of in St. Mary's Hospital in San Francisco, has entirely recovered and is occupying his Summer home near Coon's Bridge, Santa Cruz Ave. Maloney retired recently from the San Francisco Police Department after more than 30 years' service. He contemplates spending the remainder of his years in Menlo Park amid the scenes of his boyhood and early manhood.

The regular meeting of the Men's Club of St. Joseph's was held Thursday evening, Feb. 23. It was unanimously decided to proceed immediately with a subscription drive for the raising of funds to construct a gymnasium on the school ground. The sum of $6000 is the amount required to build a structure which has been tentatively decided upon. Committees will soon be appointed to proceed immediately with the drive.

The ladies' guild of Trinity Episcopal Church served luncheon to the members of the parish who assisted Joseph Dunlop in his visitation work Sunday afternoon.

All is in readiness for the dance to be given by Menlo Parlor NDGW Saturday night in Central School Auditorium.

Grand officers, including Grand Trustee Joe Cosgrave, were in attendance at the Thursday night meeting of the local parlor of the NSGW. Large delegations from neighboring parlors were present.

Past President Association No. 9 of San Mateo County, NDGW, will give a card party in Odd Fellows' Hall Thursday, Mar. 9, at 2 p.m. Score cards will be 25 cents.

Menlo Parlor NDGW will give a dance on Saturday evening, Mar. 4, at Central School in Menlo Park. Victorene Boetto heads the committee which is planning a fine evening for all who attend. Admission is 75 cents per couple.

Past President Association No. 9 of San Mateo County NDGW installed officers for the ensuing term at a meeting held last Friday evening at the home of Mrs. Sadie Ryan in Redwood City. Past Pres. Grace Loverich was the installing officer and the following are the new officers: Past president, Catherine Derry; president, Eleanor Foley; first vice president, Geraldine Brown; second vice president, Mary Junker; third vice president, Norma Moore; marshall, Mildred Foley; treasurer, Annie Doyle; recording secretary, Grace Loverich; outside sentinel, Frances Maloney; inside sentinel, Martha Bernasque; directors, Sadie Ryan, Mamie Glennan, Dora Wison and Elizabeth Gould.

879 Aged Persons Aided on Peninsula

Old age aid was extended to 879 persons in San Mateo County in December, 1938, according to a report on assistance to the needy aged, made public by California Taxpayers' Association. In dollars and cents, the aid to the needy aged in the county for that month totaled $28,544, which amounted to an average payment per individual aided of $32.47 for the month.

Over California as a whole, old age assistance payments were granted to 125,270 aged persons during December. This, the association stated, represents approximately 27 per cent of the population in the state over 65 years of age and amounted to a total aid extended for the month of $4,062,915, or an average of $32.43 per person aided.

Groups Stand All Together

"All for one and one for all."

There's been stirring music written about this Three Musketeers' theme, but it was in a matter of fact statement that the theme recurred this week in connection with the dispute between the San Francisco Musicians' Union and schools in San Mateo, Sonoma and Contra Costa Counties.

Adolph Otterstein, director of the school music festival which was to unite school bands from three states on Treasure Island in April and May, said that the committee in charge of the festival plans had decided that they must be given a blanket union clearance for all school bands in the three states or they will move the festival off Treasure Island.

LIMITED CLEARANCE

The committee action, taken at a meeting in San Francisco late Saturday, followed receipt of a letter from the musicians' union giving a limited clearance for bands planning to take part in the California School Band, Orchestra and Choral Association festival Apr. 27, 28 and 29 on Treasure Island and also in the fifth regional festival of the same association May 11, 12 and 13, when California, Arizona and Nevada school musicians would participate.

But the union circumscribed their clearance by insisting that it reserved the right to issue clearances for each individual school band or orchestra.

This individual clearance has not been forthcoming for schools in San Mateo, Contra Costa and Sonoma County. Bands involved in this county are from Burlingame, San Mateo, South San Francisco and Redwood City's Sequoia High School.

ONE WEEK GIVEN

Otterstein said that he and his committee have written the exposition association giving them a week to clear up the difficulty. Otherwise, he said, the festival will be moved off Treasure Island.

"It would not be fair to participating bands to have any members of our association excluded," Otterstein explained.

Next Saturday the festival committee will meet with World's Fair officials, including Everett Jones, who is in charge of arrangements for the music festival, and at that time, according to Otterstein, a final decision will be made on the dispute.

SEEK $6000 FOR GYM

MENLO PARK, Feb. 27 — St. Joseph's Men's Club has decided to proceed immediately with a subscription drive to raise $6000 to build a gymnasium on the school grounds. Committees will soon be appointed to proceed with the drive.

Chinese Herbs

FOR ECZEMA

YEE & KO HERB CO.,

Dear Sirs: I want to thank you for curing my hands of eczema. After suffering for 35 years with cracked, bleeding hands and waking up in the night with terrible itching hands, it's no wonder I am thankful to you.

I have tried doctor after doctor, everything advertised for eczema in papers; in fact, I tried everything. And after the first three doses of your medicine I could see my hands get better. After about five weeks of your medicine, my hands are entirely well and haven't any sign of it coming back. Yours truly,

(Signed) MRS. M. BABCOCK, Vaughn, Wash.

300 Per Cent Gain Is Made

The San Mateo County Committee for the National Foundation for Infantile Paralysis has issued its financial report on "The March of Dimes" campaign, conducted in San Mateo County, for funds to combat infantile paralysis. Gross receipts total $5623.56 and the net result after deducting expenses is $4862.86. This amount is to be divided equally between the national foundation and the local San Mateo County chapter.

George Baker Jr., state director of the national foundation, in commenting on the conduct of the campaign in San Mateo County, said:

"The result of the 'March of Dimes' campaign in San Mateo County this year is most gratifying and the returns will show the biggest percentage of increase in this year's campaign receipts over any other county in California, if not in the nation, when compared with the 1938 receipts or those of any previous year. The increase is approximately 300 per cent, and San Mateo County and its committee is to be congratulated upon their generous contribution and the effort put forth to make this campaign for such a great cause so successful."

A complete financial statement of the campaign, giving the amounts collected in each city and district of the county, accompanied the statement.

T. J. Hallinan, committee chairman of the campaign, issued the following statement:

"Please permit me, on behalf of the San Mateo County 'March of Dimes' Committee, to express the appreciation of the entire committee to the citizens of San Mateo County and to the school children in particular for their most generous support. The organization and conduct of the drive covered such a short period of time, the result would not have been possible without the unselfish effort put forth by the various committee chairmen and workers, and I wish to thank all those who participated."

Claude J. Hirschey, as treasurer, and Winfield Scott, executive secretary of the committee, aided the campaign.

One-half of the net proceeds of the campaign is deposited with Parker S. Maddux, president of the San Francisco Bank, as trustee for the San Mateo County committee, which fund is to be used locally to aid the victims of infantile paralysis and other crippled children. The San Mateo County committee will be named immediately upon receipt of advice from the national headquarters as to the formation of the county chapter.

The statement showed the following amounts collected in various communities: Redwood City, $472.27; Atherton, $181; Woodside, $104.93; Menlo Park, $68.05; Belmont, $58.41; Burlingame, $711.48; San Mateo, $645.23; Hillsborough, $452.24; South San Francisco, $307.01; Daly City, $288.21; San Bruno, $258.32; Pescadero, $62.72; Half Moon Bay, $50.91; Colma, $48.65; Millbrae, $48.30; San Gregorio, $7.49; Brisbane, $3.57; rural school districts, $51.46. These amounts are in addition to $1500 collected from two race tracks.

Expenditures included $502.73 for buttons, counter cards, cans, clerical and organization expense; $145.17 for printing, engraving and art work; $112.80 for postage, express, telephone and telegraph—a total of $760.70.

FREDDIE NAGEL, LOCAL MAN'S SON, LEADS BAND IN SAN FRANCISCO

Freddie Nagel, popular Del Monte dance maestro and son of Fred Nagel Sr. of 50 Avondale Rd., Redwood City, moved into the Shalimar Bowl, San Francisco's newest night spot, this week as the result of a popularity poll among Shalimar patrons. Nagel's unique, versatile orchestra was reported to be among the most popular yet to appear at the bowl. Nagel follows Drumaniac Gene Krupa and the movie musician, Charles (Buddy) Rogers.

At the end of his engagement, scheduled to last another week, Nagel will return to Del Monte, according to his father.

Nagel attended Stanford University. His aunt, Miss Jean Nagel, is art supervisor for Redwood City elementary schools.

His father is sales representative for a fire equipment and chemicals manufacturer.

Nagel won a large following in San Francisco a year ago after a long engagement at the St. Francis.

Each member of his band can double on two or more instruments, and Nagel leads by lending his talents to each dance group with his saxaphone, clarinet and trumpet.

Feminine interest in the band is the charming Grace Joyce, who is scheduled for an RKO screen test Mar. 15.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.

(This offer applies to plate work)

These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

ON CREDIT

One-day Service for Out-of-Town Patients if Necessary

DU PONT

REG. U.S. PATENT OFF.

DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or *"Realistic"* plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit right and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .

Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

15 Easy Payments — *All This Week —Special Offer New Low Price* — Upper or Lower Plates on Credit

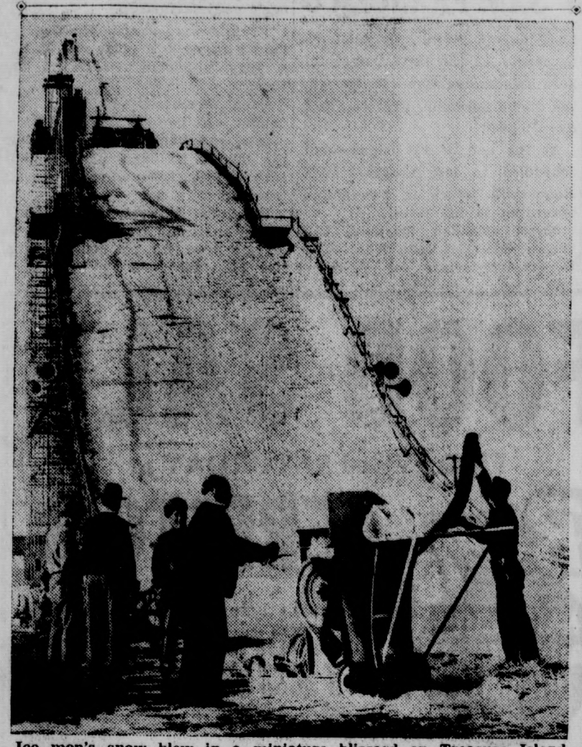
ICE MAN TURNS SNOW MAN



Ice men's snow blew in a miniature blizzard on Treasure Island, as more than 300 tons of ice were converted into snow to provide a slide for the spectacular International Skii Jumping Contests held during opening week of the Golden Gate International Exposition. Here, ice goes into one end of the "snow machine;" is blown out in the form of snow at the other. A crew of 50 men, and a battery of snow machines, worked night and day to keep the 557-foot skii jump in perfect order.

The federal government owns 26,670,496 acres in Wyoming valued with improvements at $82,821,771.

The 1938-39 organe crop was estimated at more than 78,000,000 boxes, the largest on record.

Corn acreage in the United States decreased 3,000,000 in 1938 and cotton acreage approximately 8,000,000 acres.

Cottage cheese may be made in any farm home without extra equipment.

TRADE BARRIERS ON MILK LIFTED BY NEW RULING

Invalidation of San Mateo County's milk ordinance, and prediction that similar action will follow in San Francisco and other counties, has lifted trade barriers to the milk industry and has returned control of the industry to the state, according to Asst. Dist. Atty. Daniel E. Sullivan.

The San Mateo County ordinance, like the San Francisco ordinance after which it was patterned, requires that milk sold within the county be pasteurized within the county. An opinion rendered by Atty. Gen. Earl Warren yesterday, based on a 1937 supreme court decision, declared this clause to be invalid, Sullivan said.

Most important result, he predicted, would be to open the San Francisco market to San Mateo County dairies. The milk ordinances were the subject of political warfare between the two counties prior to 1935.

Meanwhile, public health officers sponsoring legislation to transfer the state's authority over the milk industry from the department of agriculture to the department of public health met a reversal in San Francisco this morning. After a conference at the city attorney's office, representatives of the California League of Municipalities abandoned the proposed legislation because of opposition from the milk industry.

The present state law, according to Sullivan, requires public health officers to secure state approval for any local restrictions. Under the 1937 supreme court decision, a market may be supplied with milk from any dairy within the jurisdiction of the health inspectors who control the market.

He pointed out that trade barriers erected by local ordinances have been the subject of political warfare between San Francisco and San Mateo Counties for many years. Lifting these barriers will prove beneficial to the industry and to the public, he predicted.

Sullivan said he would suggest the supervisors request the state department to fix the jurisdiction of San Mateo County inspection services. The area, he said, might include San Francisco and Santa Clara County south to San Jose.

Milk Insptr. John J. Garland attended the conference in San Francisco this morning.

The New Hanover Fishing Club at Wilmington, N. C., claims its paid up membership of 762 is the largest of any similar club in America.

A Roman named Galen is credited with inventing cold cream, by using a formula that is virtually unchanged to this day.

Lighting HAS IMPROVED COST has come DOWN

☆

Remember when the lights were turned on the Tower of Jewels at the 1915 Panama Pacific International Exposition? So glaringly spectacular... Light in a spangled brilliance. The most beautiful sight that you had ever seen!

☆

Remember the big lamp that stood in the parlor by the piano? Fancy shade. Dark red silk with lace applique. Curlique standard and base. Tassel pull cord. The last word in dressy lighting in the home. *Today* ideas about lighting have changed. Light for a World's Fair or in the home has been scientifically improved. ☆ *Today* good modern lighting costs less than ever before. ☆ *Today* electric rates are the lowest in history. Nearly cut in half since 1915. ☆ *Today* light bulbs and lamps give more light, better light for better sight. ☆ *Today* light bulbs and lamps sell at very low prices. ☆ *Today* light is scientifically tested by the Sight Meter to assure users of getting the most light for the least amount of current.

☆

Brighten up your home for 1939 with Better Light. Enjoy reading, studying, sewing and all other close work with light that is easy on the eyes. Good modern lighting, too, is very soft and flattering both to people and to the home furnishings.

Here is the lamp that stood in the parlor back there in 1915. It looked pretty but the feeble light it gave out wasn't easy on the eyes. Such lamps as these used to cost Fifty Dollars or more.

SEE YOUR DEALER OR P·G·and·E· PACIFIC GAS and ELECTRIC COMPANY

W106-239

Here is a lamp that combines beauty and usefulness. Good to look at and the light it gives is easy on the eyes. It is a Better Light for Better Sight Lamp. Such a lamp can be bought for about Fifteen Dollars today.
